WEEKLY HIGHLIGHTS

W/C 22nd June, last week we enjoyed the super summery days by getting out in the big garden early in the morning to enjoy lots of water and ice play. Mrs Moore even came out and soaked us all with her water pistols, even the teachers and we enjoyed an extra treat of ice lollies.

In the afternoons we kept cool in the hall under the air conditioning and played games.

W/C 29th June, this week we are continuing with the summer theme and will be enjoying a lot of water play including painting with brushes and rollers. Iced animals in the tuff tray and playing sleeping bunnies. We will also be (if applicable) meeting our new teachers for the next school year.
